

## **DEPARTMENT 14 - PLANT AND SOIL SCIENCE**

All grain, grass, vegetables, fruits and other exhibits must be removed between 5 and 7 p.m. on Sunday or the Fair, Inc. will dispose of same.

In case there is but one entry under any lot number, judges may award any or no premium according to merit of exhibit on display.

No exhibitor will be paid more than one premium under any one lot number. Any exhibit entered under "Any other variety" must bear on the tag the name of the variety by which the exhibitor knows it. For instance, under "Any other recognized standard variety of merit" of potatoes, do not put on the tag "Any other variety," but the name by which you know the potatoes.

All exhibits in this Department must be exhibited in the name of the grower. Any exhibitor entering any exhibit in this Department purchased or otherwise secured will forfeit any premium earned in this or any other department.

All samples must be from the current year or last year's crop. Older exhibits will be disqualified by the judges. The Fair, Inc. accords the Superintendent of this Department the right to refuse to accept samples which are not properly prepared or are unworthy of showing.
